

Saw Guide Oil

STARFIRE Saw Guide Oil is a superior quality lubricant designed for service in gang saw application. STARFIRE Saw Guide Oil is formulated with high-quality paraffinic base oils and a specially tailored additive package. It has high load-carrying capacity to protect against wear and seizure of sliding metal surfaces under heavy or shock-load conditions. It has good adhesion to metal surfaces in the presence of moisture, and provides protection against rust and corrosion. It also has good oxidation resistance and thermal stability at high temperatures for long service life.

Typical Applications

STARFIRE Saw Guide Oil is recommended for all brands of gang saw equipment.

Typical Physical Properties:

<u>ISO Grades</u>	<u>100</u>
API Gravity at 60 °F	25.17
Density, lbs/gal at 60 °F	7.54
Viscosity at 40 °C	100.00
Viscosity at 100 °C	15.1
Viscosity Index	>100
