

TO-4 Fluid

STARFIRE TO-4 Fluid is a high quality, power transmission fluid. It is formulated using the latest generation of highly refined base stocks, fortified with anti-wear, anti-oxidation, dispersants, and the newest technology of proven friction modifying additives. Meets or exceeds the high torque requirements of Caterpillar transmissions, wet-disc brakes, and final drives.

APPLICATIONS

Recommended for use in all Caterpillar TO-4, Allison C-4, API CF, Komatsu TO applications and transmissions where a Caterpillar TO-4 fluid is specified. Always refer to your owner's manual for specific requirements.
