

Heavy Duty Synthetic Blend 10w40 CJ-4

Starfire Heavy Duty Synthetic Blend 10w40 CJ-4 is specially engineered for heavy duty diesel and gasoline engines operating under all service conditions. It provides excellent oxidation control and high detergency and dispersancy keeps engines and pistons clean and soot suspended in oil despite longer drain intervals and increased soot loading.

Starfire Heavy Duty Synthetic Blend 10w40 CJ-4 meets or exceeds performance requirements for all automotive engines currently in use where a SAE 10W-40 that meets API CJ-4/SN is specified. Always check manufacturer's recommendation for correct SAE grade and API specification.

Applications

- Most modern cars and trucks
- Motorcycles and ATVs
- A variety farm equipment

Benefits

- Provides excellent oxidation control
- High detergency and dispersancy keeps engines and pistons clean
- Higher starting TBN provides added protection against build-up that can cause rust and corrosion
