

## Power Steering Fluid

STARFIRE Power Steering Fluid is a premium formulation using high quality lubricating base stocks and select additives. It provides optimum protection in power steering systems of both foreign and domestic automobiles. It controls seal swelling and protects pump parts against wear while providing the proper friction coefficient for proper system operation. The use of fluids not specifically intended for power steering systems may deteriorate the rubber parts in these systems.

### Applications:

- ) STARFIRE Power Steering Fluid is suitable for use in most passenger car and light truck applications.
- ) STARFIRE Power Steering Fluid is not recommended for systems where special fluids are specified; e.g. SAAB, Honda, Mercedes Benz, etc
- ) Always check your owner's manual when choosing a Power Steering fluid.

Typical Properties	
Density, lbs/gal @ 60°F	7.44
Viscosity, @ 40°C, cSt	32.25
Viscosity, @ 100°C, cSt	6.25
Viscosity Index	150
Brookfield -40°C	22000 cP
Flash Point (PMCC), °C	>160
Pour Point, °C	-48
Appearance/Color	Bright and Clear / L1.5

### Storage & Handling:

Maximum temperatures of 60°C (140°F) for handling and 38°C (100°F) for long-term storage are recommended. The test results listed are typical properties only.
