

## RP 3WD Rust Preventive

STARFIRE RP 3WD is an all-purpose rust preventive that is exceptionally stable in wet conditions. It provides rapid displacement and separation of water and leaves an excellent thin film protection.

STARFIRE RP 3WD is designed for use where there is alkaline, acid or solvent emulsion rinse water left on parts. Starfire RP 3WD resists these types of contamination very well.

<b>Typical Properties</b>	
Flash Point, C.O.C, °F	105
Recommended Film Thickness	.10 mils
Film Type	Transparent, oily
Theoretical Coverage	1900 sq. ft./gal
Water Displacement (MIL-C-16173D)	PASS
Humidity Cabinet, 120½F (ASTM-D-1748)	30 day min.
Indoor Storage	Up to one year
